Vol. 1.

WALCOTT, IOWA, OCTOBER, 18 1933

No. 1.

Walcott Community News Makes First Appearance

(EDITED BY THE WALCOTT COMMUNITY CLUB)

Here it is, folks, the first edition of the Walcott Community News to let you know what is happening in and around Walcott for the next fifty two weeks. Anything of interest, a set of twins, marriages, wedding anniversaries, trips to the Century of Progress Exposition or elsewhere, company from far and near, new cars bought, rumors, reports and suspicions will be published if there is room and they are handed in on time to reach the printer. In fact, when you are through reading the various editions of the Walcott Community News, it should no longer be necessary to take down the telephone receiver when you hear your neighbor's number being rung nor will it take so much time to discuss affairs while hanging up the Monday morning wash. Just save yourself all that time and trouble and wait, if you can, until you receive the regular weekly edition.

What is it all about? Well, sir, when better towns are made in which to live, have fun, and trade, Walcott will be one of those towns. And when better farming communities are developed, we want to see them because right here in this community, Mother Nature and the energetic people living here, have produced a garden spot of the world.

Just take a look around and you will be able to see within an area of thirty square mile, all that is necessary to make life, secure, happy and worthwhile. If you don't believe it, jump in your car and take a trip to our western neighbors. Come back and do the same for the East and when you are through, you will appreciate more what it means to live in so favored a community where a crop failure is unknown and the fat of the land is truly yours. The community of Walcott, town and surrounding country side, is one of those rare spots where every prospect is pleasing and where we have only our selves to blame for whatever shortcomings, depressions and what not, we may grumble about.

To remind us all of the facts which we have long known but have allowed to be somewhat forgotten, the Walcott Community Club, not a business men's club or a commercial club, but a club for everyone living and in-

terested in our community, has been formed. The community club has definite objectives such as stimulating better interest in our community, improving the social and recreational side of life, securing better roads, and in general the welfare of all. We believe that which will prove helpful to one will be a benefit to the others and are offering to any farmer in this community who has anything to sell or exchange--three lines of advertising free of charge.

Officers of the organization are:

President,--Phil Dietz.

Secretary,--Claudie Knaack.

Treasurer,--Arn Sindt.

Membership dues, open to anyone, are \$2.00 a year. Various committees are at work taking care of those details which arise when a new organization is formed. This community club does not intend to be an exclusive organization and any of your ideas, suggestions, criticisms, and problems will be given consideration in accordance with the by-laws and regulations of the order.

What are some of the things about which we are going to be told from time to time? We do have one of the best communities in which you can find practically everything you need.

Doctors, dentist, veterinarian, garages, stores, elevators, lumberyard, barbershops, dance halls, threshing machine repair experts, four restaurants, farm implement stations, painters and decorators, insurance agents, oil stations, blacksmith, bakery, radio-trician, hatchery and leather shop, farm produce dealers, carpenters, plumbers, a good school, good teachers, up-to-date city hall, jail, and fire-department, active lodges, good friends, kind neighbors, in fact every thing except a lawyer and undertaker to make this community one of the biggest and best anywhere and anytime. We are going to let you know more about them in our other editions.

"Sir, when you eat here you do not need to dust off the plate."

"Beg pardon. Force of habit merely. I'm an umpire."

ANOTHER "IF"

"If you can see what some folks call 'depression'

As nothing but a spin of Fortune's wheel;

If you can keep your poise and self-possession

No matter what you think or how you feel;

If you can view a stupid situation All cluttered up with 'ifs' and 'aws' and 'buts'

And take it at its proper valuation-- A challenge to your common sense and 'guts';

If you can rise above the mess and muddle,

If you can glimpse a rainbow thru' the clouds

When Doubt and Dread and Fear are in a huddle

And hope is being measured for a shroud;

If you can keep a saving sense of humor

For stories that are slightly inexact; If you can disregard Report and Rumor

And not accept a statement as a fact; If you can spread the gospel of successes,

If you can stir the spirit that instills The latent lift in lthes and loom and and presses

And lifts the stream above a thousand mills;

If, briefly you can spend an extra dollar;

If you can pry the sacred Roll apart And buy another shirt or shoe or collar

And act as if it didn't break your heart

If you have faith in those with whom you labor,

And trust in those with whom you make a trade;

If you believe in friend and next door neighbor

And heed examples pioneers have made;

If you expect the sun to rise tomorrow;

If you are sure that somewhere skies are blue--

Wake up and pack away the futile sorrow

For better days are largely up to YOU!"

One of our younger members when told it doesn't do much good to spank a girl after she's eighteen, nowadays, remarked that it possibly didn't, but it was lots of fun.

A little turpentine on a cloth will loosen and remove those brown stains from light-colored gas ranges.

If you or the children get chocolate stains on the table linen sprinkle the stain with powdered borax and pour boiling water through it.

Before baking potatoes put them in hot water and let stand for 15 minutes and they will require but half the time for baking.

Mildewed clothing can be bleached by soaking in buttermilk.

A fresh coat of varnish should be put on that floor before the previous coat wears through.

The stays or ribs of old umbrellas make good supports for flowers.

If eggs tarnish your table silver the tarnish can be removed by rubbing with moist table salt.

A baking soda solution makes an excellent mouth wash.

Tomato skins come off easily if the tomato is first dipped in very hot water.

Sh-hh! Here's a Confession

WE like jazz and radios, and all this modern life. But, in our work, we still hold to the old-fashioned idea of putting quality before everything else.

You will find us strong advocates of pure lead paint—the surest and most economical protection against the weather.

We know how to mix paint. We know how to apply it. We use high-grade materials only, such as **Dutch Boy** white-lead.

Keeping fences up... saves trouble and money!

Everywhere— Fence Buyers are "SWITCHING TO RED BRAND"

Now... Famous **RED BRAND FENCE** guaranteed to last longer

Good fence makes and saves you money every day. On the other hand, poor fence is a constant and heavy expense. It costs you money in time wasted. In dead animals. In enmity of neighbors. In veterinary bills... Decide to replace your broken-down fence with genuine Red Brand—the kind that's guaranteed to last longer.

It's Galvannealed!

Red Brand lasts years longer because it's Galvannealed—not merely galvanized. A process protected by 12 U. S. patents. In Galvannealing, the heavy zinc coating is not just "laid on" the wire. Galvannealing fuses it right into the copper-steel wire, in great heat-treating ovens. Red Brand offers biggest fence value, because it costs no more than standard market prices. Come in and see it.
